Child Exploitation and Trafficking
Global Challenges and U.S. Responses

by Virginia M. Kendall and T. Markus Funk

The critically-acclaimed Child Exploitation and Trafficking brings fresh thinking to a complicated topic. The authors will draw on their extensive real-world experience to provide a practical survey of the history and present-day realities of child sexual exploitation, to discuss interconnected web of domestic and transnational federal laws and law enforcement efforts launched in response thereto, and to examine the range of promising (and not-so-promising) responses.
